

The fm translator station I listen to in Anchorage is K-LOVE. It is a GREAT station that plays positive Christian music and is a great alternative to the normal commercial junk out there. Many people in our community listen to this station and were thrilled when they first came on the air here just a little while ago. If this station were to be taken off the air due to this LPFM rule it would be a sad day indeed. It is a bright light of hope in this community and without it here, the local community would be hurt. The public needs to have this opportunity to hear the good music of Christian artists. THis local community needs this as an alternative to other, not so moral, music.
